1. The production program of the Starachowice Works in 1954 will be directed toward mass production of the dump truck, Star W-14 Wywrotek, and the Star-51 truck, (on a 'bus chassis), as well as Star C-60 tractors (ciagniki siodlowe). Work continues also on the conversion of the Star-20 truck from three tons to four tons.
2. In 1953 the Warsaw motorcycle works produced approximately 13,500 motorcycles, type SHL-125. Production of these motorcycles is to be increased by 20% in 1954.
3. The factory has constructed the prototype of a new model of 350 cubic centimeter displacement to be known as the Junak.

Features:

4-cycle motor in one block (zblokowany)

Fuel consumption: Three liters per 100 km.

Maximum speed : 110 km.

Serial production of this new model will begin towards the second half of 1954.
